

Business Tax Collection

PERMITS

Caselle Business Tax Collection is designed for any city that needs to manage tax returns submitted by licensed businesses that collect taxes.

The direct interface between Business Tax Collection and Business License allows information for businesses and owners to be shared. Business Tax Collection streamlines the process of creating, filing, and tracking your tax returns. Generate tax forms to send to your businesses and keep track of businesses that have not filed on time.

BENEFITS

- Easily create returns and send user-defined notices.
- Quickly manage amended returns.
- Manage returns as they are filed.

EFFICIENT

- Calculate non-filed fees.
- Calculate delinquent fees.
- Efficient reporting features.
- Easily track businesses that have not filed returns.

FLEXIBLE

- Inquire and track information by any field in the database.
- Customized tax return entry screens.
- Customizable fees
- User-defined fields
